Re: Freedom of Information Act Request
EPA- R8-2014-006218

Dear Ms. Jaeger:

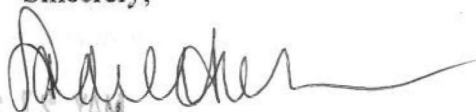

This letter is in response to your Freedom of Information Act (FOIA) request dated May 5, 2014. You requested records of Wyoming Public Water Systems (PWS) from the Environmental Protection Agency Region 8's database from January 1, 2000 to the present date. Specifically, you requested information on detections and non-detections of Volatile Organic Contaminants (VOC), Synthetic Organic Contaminants (SOC), pesticides and metals in each water system, the SDWIS ID number for each PWS that noted a detection, and the associated concentration of contaminant, units, date of sample collected, and well name and/or location. You also requested a list of all PWS that have treatment installed, including treatment type. We have provided all of the requested data and these responsive records are available for public viewing at <https://foiaonline.regulations.gov>. This completes your FOIA request.

Under the FOIA, you have the right to appeal this determination to the National Freedom of Information Office, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), E-mail: FOIA_HQ@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, NW. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the FOI number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

There is a cost of \$38.25 for the research and review time to provide this information. An invoice will be sent to you under separate cover.

If you have any further questions, please contact Natalie Cannon of my staff at 303-312-6625 or email cannon.natalie@epa.gov.
